Engineering & Design I (ENGG*1100)

Team Contract – Team TBWC- <Team 1>

1. I will attend the meetings at Thornborough every Thursday at 4:00PM, if this is not possible, then I will be present and available online. Additional meetings will be scheduled as needed.
2. All work related to the project must be done originally; if not, work must be cited from where it is referenced. AI use must be stated
3. I will ensure that we work together to build a successful design while making sure everyone contributes equally
4. All content will be submitted on the given due date, failure to do so will result in consequences from the TA or the group
5. I will be responsible for completing my tasks listed on the project board and communicating with the team early if I am having any difficulties
6. Conflict will be handled together by listening to each other respectfully and finding a solution that best benefits the project
7. All of our communication will be in our Instagram group chat, and all work and sub-tasks shall be assigned and shared via GitHub.
8. If someone has completed their specific tasks, if possible, they will help other group members with their problems.
9. All communication between each member will remain respectful and informative. I will never put down another group member, be disrespectful, and maintain a professional relationship.

10. Rohith Iruku will be responsible for organizing and submitting all our work in the group Dropbox on Course Link on time and correctly (Ensuring all files operate as intended and are accessible to the recipients.)
